

URANTIA FOUNDATION 2012

ANNUAL REPORT

**URANTIA FOUNDATION'S MISSION IS TO SEED
THE URANTIA BOOK AND ITS TEACHINGS GLOBALLY.**

Dear Friends of Urantia Foundation,

Thank you for your generosity in 2012! Because of 807 generous donors, our internal team, and three score of altruistic volunteers, Urantia Foundation made progress seeding *The Urantia Book* and its teachings globally. In a world that seriously needs a new God-centered philosophy that keeps pace with humanity's intellectual and cultural developments, we are blessed with a revelation that provides that vision.

Millions of people long for eternal values that uplift their lives and bring them spiritual assistance while facing the challenges and hardships that come their way. Because you care, Urantia Foundation was able to supply *The Urantia Book* and its teachings to some of those hungry souls. Because you care, in 2012 thousands of people were introduced to enlightened ideas such as Thought Adjusters, resurrection on the mansion worlds, life in a friendly universe, and a heavenly Father who loves each one of us.

With your continued partnership, we are confident that together we can serve the desires of our unseen supervisors as they transform human society. We invite you to review highlights of the Foundation's work last year, which is evidence that your support is indeed contributing to the dissemination of *The Urantia Book* and its teachings to an ever-increasing community of readers worldwide.

Thank you again for your support.

SUE'S STORY

My husband Derek and I discovered *The Urantia Book* in 1976 and are lifelong students of its teachings. This rational and cohesive revelation has shaped our values, informed our choices, and brought us many adventures.

For us, the teachings have engendered legendary forgiveness, restored relationships, sustained us through unbearable loss and grief, and given us the breadth of universe understanding to maintain faith in today's complex and confused world. Most important, they have underscored the necessity of living increasingly with love, loyalty and in service to others. We feel inexpressible gratitude for both the teachings and for those who pass them on.

Life is not fair for much of humanity. Learning of the Universal Father's unconditional love for all and the cosmic plan of evolutionary progression has been ethically essential for us. We are inspired by the opportunity to partner with the Supreme in cooperation with our Universe Parents and their entourage of ministering personalities. The Urantia Book teachings inspired us to reach across religious borders and foster interfaith dialogue and co-operation. The teachings also inspired us to start FreeSchools, a world literacy program that has empowered thousands of women and children with free reading education in Asia.

"What an awakening the world would experience if it could only see Jesus as he really lived on earth and know, firsthand, his life-giving teachings!"

FreeSchools World Literacy (www.freeschools.org) was founded in Canada in 2005. In the US and Australia, FreeSchools has become a growing collaborative effort spearheaded by readers who are dedicated to the vital cause of girls' education and global literacy. With over 90% of donations going directly to the field, FreeSchools funds teachers and learning materials in over 80 schools in Thailand, India, and Bangladesh.
